How to install online patch for co-op

**!! IMPORTANT !! TURN OFF ANTIVIRUS OR EXCLUDE GAME FILES
ANTIVIRUS SCAN/DETECTION.**

1. Download Revenge of The Savage Planet Online Patch.zip
2. Extract the zip file, you should see **Engine** folder and **Towers** folder
3. Copy the two folders
4. Paste the folder into your game installation folder, which commonly can be found in

**X:\Program Files (x86)\Steam\steamapps\common\Revenge of the
Savage Planet**

(X is your hard drive where you install the game)

5. Overwrite replace files if prompted
6. Play the game from Steam
7. It should open a pop up to online-fix.me, close this browser
8. Now steam should show you playing **Spacewar**
9. Invite your friends in game
